

LIFELONG LEARNING

Differences between intellectual and emotional learning

Dr. Antoinette Rüegg, Past President BPW International 2002 - 2005

In context with lifelong learning it is important to be aware that emotional learning doesn't work like intellectual learning. On the contrary, if we think we can learn emotionally like we learnt intellectually at school, we block our emotional learning

3 important differences between intellectual and emotional learning

3 DIFFERENCES between intellectual and emotional learning

	Intellectual learning	Emotional learning
Learning material	COMMON programs in schools universities	One's own true INDIVIDUAL emotions
Learning process	COPYING & COMBINING given know-how	individual EXPERIENCES
0 mistakes	→ SUCCESS	→ NO learning
